Joe Vas seems determined to make the world safer for criminals & more dangerous for you and your family

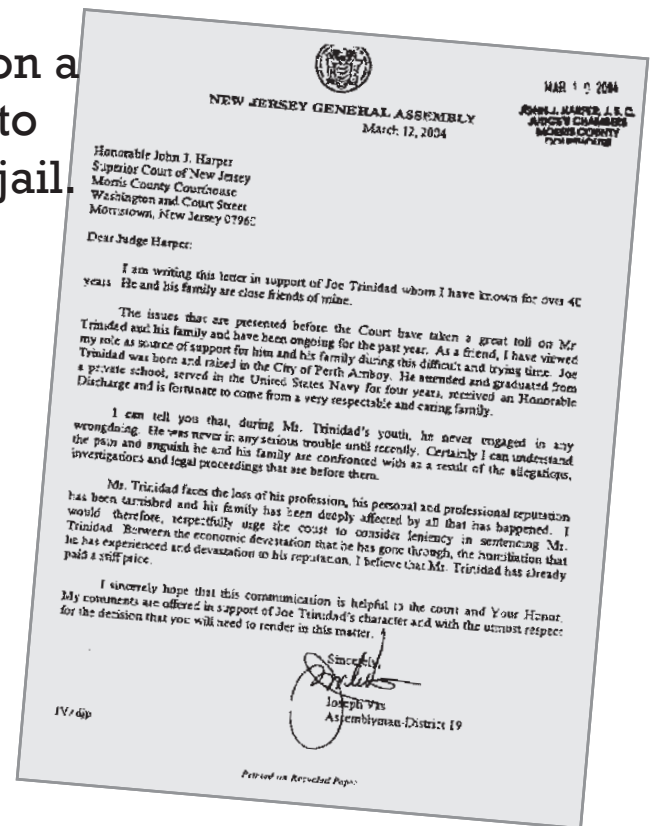

Jesse Timmendequas will live

Mayor Vas voted in the Assembly to abolish New Jersey's death penalty, so depraved murderers, such as Jesse Timmendequas, won't die for killing innocent victims, like Megan Kanka.

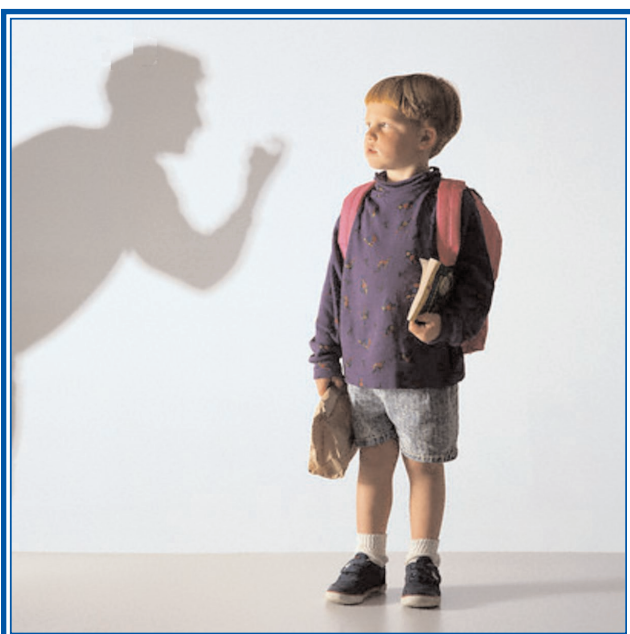

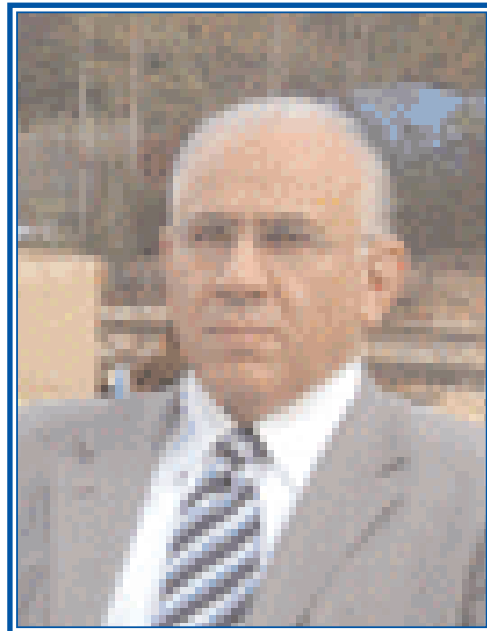

Vas asked a judge to give another child molester a light sentence

Mayor Vas asked a judge to go easy on a convicted child molester and he went to Camden to bail a heroin dealer out of jail.

Vas laid off eight police officers & crime rates soared

Last year, Vas laid off eight Perth Amboy police officers, resulting in the greatest increase in crime rates since 1975! When Vas says crime rates are down, it's untrue!

Vas allows violent criminals to visit a probation office next to a school!

Vas has allowed a probation office at 262 State Street to supervise violent offenders and other criminals convicted of sex crimes, domestic violence, and drug charges.

This magnet for criminals is right across the street from the William C. McGinnis Middle School at 271 State Street!
