PERTH AMBOY DESERVES A FULL TIME
MAYOR WHO TELLS YOU THE TRUTH!

WHICH IS WORST:

- 1** Mayor Joe Vas raised property taxes so much, that some Perth Amboy homeowners pay double their 2004 tax bill
- 2** The US Bureau of Labor Statistics states that the number of employed Perth Amboy residents is 2,300 less than it was in 1999
- 3** Crime rates increased 54% since 2004, but Mayor Joe Vas laid off eight police officers and did favors for criminals
- 4** Mayor Joe Vas lied about his record of tax hikes, crime increases and job losses while trying to create fear & doubt by smearing Wilda Diaz

MAYOR WHO TELLS YOU THE TRUTH!

Mayor Joe Vas cannot convince you that he deserves another term, so he is trying to create fear & doubt about his opponent

Perth Amboy police support Wilda Diaz

Policemen's Benevolent Association Local 13, which represents Perth Amboy police officers has endorsed Wilda Diaz for mayor along with Fernando Gonzalez and Ken Balut for city council.

The PBA derided the incumbent's use of slimy insinuations and half-truths to disparage his opponents.

The police say, "Wilda Diaz is a skilled and capable person who will manage our city properly, with integrity and dignity."

Vas wants you to forget

Since he cannot fool everyone into thinking he's done a great job, his political spin doctors are aiming to shake your faith in the United for Change candidates.

They want you to forget all of Mayor Vas' failures, mistakes and disappointments of the past four years, as well as a consensus that most people agree: **Nobody should be mayor for 22 years!**

Vas has a record that you really should remember

You know about the tax hikes, crime increases and job losses that have plagued Perth Amboy while Vas campaigned in seven elections over the past four years.

You know that Vas did favors for criminals & that his insurance license was revoked for bouncing 111 checks & pocketing cash!

You know Vas is being dishonest when he says taxes are stable, crime is down or that he created thousands of jobs because the facts contradict these false claims.
